SEH is committed to providing coherent, developmental-based teacher education programmes that prepare potential students to establish and work within the teaching and learning communities to maximise their potential and that of their future students. The programmes offered by SEH promote collaborative learning and critical reflection to develop a community of lifelong learners who can respect diverse perspectives, make informed decisions, and be responsive to the changing needs of individuals in our society. Our programmes are designed based on the philosophy that knowledge is power and every child deserves to be taught by quality professionals who believe all children can learn.

Thus, the school aims to ensure graduates acquire professional knowledge, develop

professional skills, and exhibit the dispositions needed to be effective teachers and valuable members of society. SEH offers pertinent programmes in education and language that prepare its graduates to accept, honour and enhance diversity among learners and discover their teaching capability through reflection and progressive field experiences. Today, SEH is proud to provide a total of 10 programmes, namely Diploma in Early Childhood Education, Bachelor of Education (Early Childhood Education) (Honours), Bachelor of Education (Early Childhood Education) (Honours) 2u2i, Bachelor of Education (Honours), Bachelor of English (Honours), Master of Education (ODL), Master of Early Childhood Education, Master of Early Childhood Education (ODL), Master of Education (TESL), Postgraduate Diploma in Education and Doctor of Philosophy in Education.

Bachelor of Psychology (Honours)

Conventional Mode : (N/0313/6/0003) (MQA/PA 16097)

ODL Mode : (N-DL/0313/6/0004) (MQA/PA 16151)

This course is designed to provide students with a comprehensive understanding of psychology's fundamental principles and theories. Our curriculum is tailored to meet the needs of students interested in pursuing a career in psychology and those who wish to further their education.

The programme is structured to cover the key areas of psychology, including developmental, abnormal social, and cognitive psychology. Students will also engage in hands-on research and fieldwork, which will help them gain practical experience in the field. Some popular electives include industrial and organisational psychology, educational psychology, counseling psychology, and consumer psychology.
