# SCHOOL OF **ACCOUNTING AND TAXATION** (SAT)

The demand for experts in accounting and taxation is at an all-time high in this Age of Globalisation. While there is an acute shortage of accountants in Malaysia, UNIRAZAK's School of Accounting and Taxation (SAT) strives to cater to the national demand by offering programmes of taxation and accounting with professional accreditation. SAT provides the best platform with its experienced and highly qualified academicians to equip students with the necessary job skills to become business leaders in their chosen fields, whether in professional accounting or tax consulting.

SAT offers a diploma and advanced diploma in accounting as a stepping stone to inspire eligible students to move forward by pursuing a degree in Bachelor of Accounting (Honours). Students who pass all six CPA professional segments in the final year will obtain the Bachelor of Accounting (Honours) accredited by CPA Australia, an internationally recognised professional body.

Besides that, SAT also offers a Bachelor in Taxation. Being the very first university in Malaysia that pioneers and specialises in this taxation programme, students have valuable opportunities to interact with industry experts. Students are also in the privileged position of obtaining a faster pathway to a Chartered Tax Institute of Malaysia (CTIM) qualification upon graduation.

# ADVANCED DIPLOMA IN **ACCOUNTING**

The Advanced Diploma in Accounting programme in UNIRAZAK provides students a speedy pathway to obtain the Bachelor of Accounting (Honours) accredited by CPA Australia. Advanced Diploma graduates can later pursue UNIRAZAK Accounting degree at Year 3 with the opportunity to undertake six CPA Australia professional exams in Year 4. The programme is designed to reinforce professionalism in accounting and equip students with contemporary business expertise.
